

Instructions for viewing the S3 Profile at home

1. Please ask your child to log into Glow.
(Their username is in the format **gw00surnamefirstname**). If they have forgotten their password, please ask them to contact Mrs Fraser and I will reset it for them.
2. 'My Launch Pad' should appear when they log in and they should see the tile below.

3. If it does not appear, please click on the 'person' at the top of the menu at the left hand side. This will then take them to the tile above in the 'My Launch Pad' section.

4. Click on the tile. This should take you in to the One Note Profile compiled by your child. They can let you see the pages they have created in their profile.
Please note that some pupils have used audio and video files to record evidence of their work. It can take a period of time to download the file if they have used these types of media.

In addition, you can download 5 free copies of Microsoft Office via Glow while your child is a pupil at school. It can be downloaded onto PCs, Macbooks or tablets by going to the 'App Library' and clicking on the tile below.
