1 March 2017

Parents/Carers

Over the past few months we have been working closely with Mr Jones delivering our Values Workshop to catchment Primary Schools, School and House Council members, the Parent Council, Inverurie Academy staff and members of the wider business community. These workshops were designed to encourage the groups to begin thinking about the values of most importance to them and the school, and allowed us to collect an initial pool of key words.

Upon finishing these workshops we have now collated the words into a survey to give you the opportunity to help choose a set of core values that define what Inverurie Academy should aspire to be.

Together with Mr Jones we will analyse your survey results along with those from the catchment primary schools' parents and pupils, current Inverurie Academy students and staff and businesses within the area. We will then propose the new set of Core Values which will encompass the opinions and perspectives from all those involved.

To participate, please follow the survey link provided and complete by 20 March 2017.

<https://www.surveymonkey.co.uk/r/GXLQYF6>

We fully understand that the creation of these Core Values is a first step, and that the next important piece of work will be for Inverurie Academy to begin to live out these values in everything that we do. This will be a job for the next School Captains!

We have thoroughly enjoyed delivering these workshops and now need your help to complete the next step of the process in creating a lasting legacy for the school.

Many Thanks.

The School Captains
