PARENT FORUM INFORMATION

Purpose

We are a group of parents/carers who through our informal meetings work in partnership with representatives of the teaching staff and pupils for the benefit of the school community.

- The Head Teacher is invited along as an Advisor
- Members of the Pupil Council participate by representing the views of the Pupil Council
- The local Councillor comes along to share updates from Council discussions
- Representatives from the teaching staff may also be there to share updates on recent or planned changes to policies/extra-curricular activities...

What We Do

These are the objectives of our Parent Council:

- To work in partnership with the school to create a welcoming school that is inclusive for all
- To promote partnership between the school, its pupils and all its parents
- To develop and engage in activities that support the education and welfare of pupils
- To identify and represent the views of parents on all matters affecting the education and welfare of the pupils

How We Do It

We represent the views of the Parent Forum in a variety of ways by:

- Active involvement in the recruitment of senior staff
- Participating in the development of school policies
- Contributing towards the school's Improvement Plan
- Discussing the design of the new community campus through membership of the Stakeholder Group
- Assisting with extra-curricular activities
- Organising social and fundraising events
