- **Public Library:** - We are aware that a number of students like to use the facilities at the public library at interval, lunchtime and at the end of the school day. Please be aware, that our expectations of you in terms of behaviour and conduct are the same as they are in school. Unfortunately, some pupils have not been meeting these expectations in recent weeks, and complaints have been received from members of the library team and members of the public. Those involved are being identified and sanctions will follow as appropriate. Please do not let your conduct let you down. Please do ensure you use the facilities quietly, and leave them tidy. If equipment is accidentally damaged, please let the staff know. If equipment is deliberately damaged, you will be expected to pay for repairs and your parents/carers or the police may be notified.

- **Young Enterprise Company Programme:** - Young Enterprise Company Programme allows students find out what it's really like to set up and run a business. Delivered across an academic year, young people make all the decisions about their company, from raising the initial share capital through to designing their product or service, to selling directly to customers and ultimately winding up the company and paying their taxes. All this takes place with the support of a Business Adviser who brings a wealth of business knowledge and expertise to the team. If you are interested in being part of a young enterprise team in your 6th year, please attend a short meeting in the Assembly Hall at 12.50pm on Friday 9th June.
