

**AGM**

- I spent Friday and Saturday last week meeting with School Leaders across Scotland and, through discussion, I was able to reflect how positive and constructive the relationships are within the Parent Council at Inverurie Academy. I am really grateful for both the support and sounding board feedback that the Parent Council provides to myself and the school.
- The Scottish Government aims to:-
  - ☐ encourage and support collaborative partnerships between practitioners, parents and families;
  - We see this happening at Inverurie Academy through the Community Learning Calendar, Mentoring and other aspects of school life.
  - ☐ expand access to family learning opportunities which meet participants needs;
  - I see the Community Learning Calendar at the heart of how we address family learning as we move to the new Inverurie Community Campus.
  - ☐ improve the quality of all communication between practitioners, staff, parents and families
  - We are still on a journey of improving communication with parents and families and will continue to work on this in the coming session.
  - ☐ improve the skills of leaders, front-line practitioners and support staff.
  - Parents have played a key role in recruitment of senior staff over the last session.
