He made some observations –</p> <ul style="list-style-type: none"> • The qualifications obtained in S3 don’t count towards the Academy’s attainment figures. • S6’s mentor S1 students in the language of skills – “Collaboration, Communication, Creativity, Leadership, Problem Solving and Resilience”. 	<p>Seek views of Parent Council.</p>	<p>Mr Anderson</p>

AGENDA ITEM	DISCUSSION	ACTIONS	RESPONSIBLE
	<ul style="list-style-type: none"> • Mentoring – S6’s enjoyed being mentored by staff more than by industry representatives. • Tracking and Monitoring for S1 – S3 – more than 75% have achieved level 3 by the end of S2. • 18-month experience of National 5 courses justified by the improvement in results. • Positive Destinations – 99.3% of leavers move straight from school to work, further education or a training programme. • S4 – 5 passes or more at National 5 – above average for Aberdeenshire. • Considering offering National Progression Awards to S3 and S4 students. • Recognition that more than 60% of leavers choose alternative Positive Destinations to University. More work required to communicate to parents how they can support their child/ren to make the choice that is the best for them. Choices Marketplace will be held in February – students will attend during the day and parents/carers in the evening. • Awareness raising required to assist Businesses to understand the value of National 4 and National Progress Award qualifications. • S5 – 3 or more Higher passes – in line with Aberdeenshire average. Academy to consider why so many students attained level “D” passes. Is it a good idea to remove the “study” periods in S5 perhaps not good preparation for Further Education? • S6 – slight dip in results achieved – below Aberdeenshire average. Academy will be encouraging students to consider the reasons for remaining to study in S6 to make the best of all experiences offered. 		

AGENDA ITEM	DISCUSSION	ACTIONS	RESPONSIBLE
Parent Council support of “Spark” training	The Parent Council had asked for a question to be included in the School Captain interviews in June as we wanted to know how they would use a £500 donation from the Parent Council to support all Academy students. The common theme of their responses was that they felt that the teachers didn’t fully appreciate “the stresses experienced by students”. To address this issue, training was delivered by “The Spark” – specialists in relationship counselling.	Impact of this training to be explained at next Parent Council meeting. Parent Council members to cast their votes.	Mr Jones Parent Council members
