

Faculty of Mathematics Inverurie Academy

The young learners in S1 Mathematics classes follow a common course split into 3 blocks as detailed in the Table below.

Block 1	Angle Algebra Number Calculations in Everyday Contexts Time and Temperature
Block 2	Decimals and Rounding Length including conversion between Metric units Scale Drawing Solving Equations Co-ordinates
Block 3	Fractions and Percentages 2D and 3D Shapes Further Algebra involving Sequences Data Handling
Assessment	Assessment is carried out at the end of each block of work and most will be assessed at CfE Levels 1/2 and/or 3. Assessment is done to inform progress and is targeted at a learner's ability. They are assessed in both Mathematics and Numeracy.
Homework/Websites	www.mymaths.co.uk – Core homework is set using MyMaths. Pupils can be encouraged to use this further to enhance learning. They can use the Booster Packs for extra practice and games for reinforcement. Each pupil has a login and a password. www.bbc.co.uk/bitesize - Topic based exercises.
Progression	Learners in S1 will progress through work at Levels 2 and 3 and continue into S2 where the structure is similar. As they progress through S2 they will have met a lot of the content at Level 3 and been introduced to some work at Level 4
